

GUIDANCE FOR GROWTH

TECHNOLOGY ON THE CUTTING EDGE

Safeguard's Technology Advisory Board provides expert guidance and strategic direction to Safeguard and its portfolio companies. The Board is comprised of accomplished professionals with a wealth of specialized knowledge and strategic and operational expertise across all aspects of the technology sector. Established in 2006, the Technology Advisory Board augments Safeguard's internal resources and solidifies Safeguard's proven position as the premier catalyst for creating great technology companies.

RICK BENNETT

Mr. Bennett has worked as a one-man marketing agency for companies like Oracle, where he helped them expand from a \$15 million sales year to their first billion-dollar sales year. He was also a driving force behind Salesforce.com and numerous other \$100+ million companies in the computer hardware, database, circuit design and artificial intelligence industries.

Mr. Bennett is also a mathematician and an investor, and is currently engineering BIGFIX's frontal assault against LANDesk, McAfee, Microsoft and Symantec.

STEVE FRIEDMAN

Mr. Friedman advises early-stage companies in the areas of go-to-market strategy, product strategy, business development and executive recruitment. He currently serves on several Boards and Advisory Boards. Past Advisory Boards include Collaxa, a provider of BPM software (acquired by Oracle) and Rapid Logic, a leader in Device Management Software (acquired by Wind River).

Mr. Friedman served as Vice President of Channels at BEA Systems where he was instrumental in growing the indirect channels business. He came to BEA through the acquisition of WebLogic, where he co-led the Field Sales Organization, increasing revenues from \$200,000 to over \$100 million.

Mr. Friedman also has held key Sales Executive positions with leading Enterprise Software firms including Scopus Technology (acquired by Siebel), Verity (acquired by Autonomy), Neuron Data (acquired by Fair Isaac) and Bachman Information Systems.

He was awarded a Bachelor of Science degree in Economics from the University of Delaware.

MATTHEW GILLIN

Mr. Gillin has been an active entrepreneur and pioneer in the financial technology industry for almost 20 years. Currently CEO of AMPP Holdings, Mr. Gillin is regarded as an innovator in financial technology and holds two patents in the U.S. patent office for his investments around electronic payments. Previously, Mr. Gillin was CEO of Ecount, a company he co-founded in his parents' basement with his friend Paul Raden. Together, they build Ecount into the recognized leader in the prepaid card industry, and in 2007, sold the company to Citi. A start-up veteran, Mr. Gillin also co-founded C/Base, a consultancy business that specialized in partnership marketing services for Internet-based companies.

Mr. Gillin is a 2002 winner of the Ernst & Young Entrepreneur of the Year Award and in 2004 was named one of the Philadelphia region's most influential executives under the age of 40. Mr. Gillin graduated with a B.A. from Denison University.

STEPHEN M. GOODMAN

Mr. Goodman has nurtured several start-ups, including CDnow, VerticalNet, ICG Commerce, AirClic and AANet.com. As a Partner in business transactions at the law firm of Morgan Lewis and co-chairman of the firm's global technology practice, Goodman represents emerging growth companies in the technology and life sciences sectors, and works with legal aspects of corporate finance and acquisitions.

Before joining the firm, Mr. Goodman was Senior Partner at Wolf Block, Schorr & Solis-Cohen. Mr. Goodman holds a Bachelor of Science degree from the University of Pennsylvania and an LLB degree from the University of Pennsylvania Law School.

BEN MILLROOD

Mr. Millrood has over 25 years of experience directing technology organizations to develop, market and implement strategic solutions across a multitude of industries. For the past four years, Mr. Millrood served as Senior Vice President of Sales and Marketing at Epitome Systems, the leading provider of Enterprise Productivity Management (EPM) On-Demand.

Prior to Epitome, Mr. Millrood was Group Vice President of Consulting for analyst firm The Gartner Group. In addition, he held sales leadership positions at Omicron Consulting, IBM and BusinessLand. Mr. Millrood received a Bachelor of Arts from Tulane University in 1980 and completed graduate work in International Relations at the University of Maryland in 1982.

PHILIP MOYER

Mr. Moyer became CEO of EDGAR Online in July 2007 after joining the company just three months earlier. Prior to EDGAR Online, he worked in private equity/venture capital with a focus on early stage companies and small cap technology firms after 15 years spent at Microsoft managing large worldwide sales, consulting, support, partner channels and technology teams.

In his most recent role at Microsoft he managed the Professional Services industry group, with a focus on

Sarbanes-Oxley, Extensible Business Reporting Language (XBRL) and international accounting standards. He holds a Bachelor's degree in Computer Science from the University of Pittsburgh and was recently elected to the board of XBRL United States.

MICHAEL L. PERALTA

Mr. Peralta serves as Senior Vice President of North America and Global Accounts at Advertising.com, where he oversees national advertising teams in nine major cities, as well as international sales efforts for U.S.-based clients looking to market on a global scale.

Prior to joining Advertising.com, Mr. Peralta was CEO of a small education company called JETS, which sells technical products to schools and universities across the country. He also served as Assistant Dean of two Semester at Sea voyages and worked closely with universities, the Federal government and various non-governmental organizations as an education lobbyist.

Mr. Peralta earned his Bachelor's degree in Civil Engineering from Rensselaer Polytechnic Institute and completed graduate work at New York University and Northwestern.

SCOTT A. SNYDER, PH.D.

Dr. Snyder is the President and CEO of Decision Strategies International, a consulting firm focused on increasing the strategic aptitude of organizations through education, consulting and tools. He has over 20 years of experience in business leadership, strategic planning, decision support systems and technology management for both Fortune 500 companies and start-up ventures. Dr. Snyder has held executive positions with several Fortune 500 companies including GE, Martin Marietta and Lockheed Martin, and has advised numerous Fortune 500 clients and government organization on business and technology strategy.

Dr. Snyder earned his Bachelor's degree, Master's degree and Ph.D. in Systems Engineering from the University of Pennsylvania and has an executive degree from USC in Telecommunications Management.
